

FORENSIC accounting

No matter what the issue,

personal injury,

matrimonial / business

disputes, valuations or

investigative work,

Cavanagh Kelly can help

you to resolve these

difficult situations.

Forensic Accounting Services

In a time when litigation is becoming far more frequent, often involving highly complex issues and assertions on both sides, you may find yourself in need of expert assistance in the form of specialist forensic accounting advice.

Cavanagh Kelly can provide the expertise to contribute to a strong litigation support team and assist with the financial issues of the case to provide authoritative quantification of damages or an expert witness capable of making a decisive contribution to your case. We will help identify the crucial areas for which forensic advice is being sought.

OUR SERVICES

At Cavanagh Kelly, we have a wealth of industry and sectoral knowledge and experience which we combine with modern forensic accounting techniques to assist with our assignments. Our Team has specific experience in the following areas:
